MEMORANDUM

Office of Administration
Division of Purchasing

TO: Laura Ortmeyer

FROM: Julie Kleffner 

DATE: July 19, 2017

RE: Renewal/Amendment to the Alternatives to Abortion Program Services Contracts

The Department of Social Services has requested the Alternatives to Abortion Program Services contracts, CS170042001 through CS170042009, be renewed with a funding increase pursuant to House Bill 11, section 11.120, lines 2 through 6. Pursuant to paragraph 2.12.3 b. of the RFP portion of the contract, funds may increase at the time of renewal if funds are appropriated by the General Assembly.

The contracts are also being amended as follows:

1. The administrative responsibilities of the Alternatives to Abortion Program transferred from the Office of Administration to the Department of Social Services.
2. As a result of the transfer of administrative responsibilities, Attachment 3 is being revised to reflect the correct state agency.
3. Attachment 5 is being revised to reflect the appropriate contract period.

Due to the legislature including a rate increase in the Fiscal Year Budget via House Bill 11 (see attached) and is allowed by paragraph 2.12.3 b. of the contract, I am processing the renewal to the contracts allowing a price increase.

Additionally, 1 CSR 40-1.050 (8) states, "*Contracts awarded as the result of a competitive solicitation may be amended when such an amendment is in the best interest of the state and does not significantly alter the original intent or scope of the contract.*"

Therefore, since the intent and scope of the contract are not altered, I am proceeding to amend the contract as requested.

Subject: RE: NR 886 DFA18000005-Alternatives to Abortion-FY18 Renewal

Thank you!

In response to (1), funding increase was based on HB 11, section 11.120 lines 2 through 6 minus 3% Governor's reserve on the general revenue portions (line 4) and per DSS upper management, line 6 funding amount was not included (if you need a copy of the HB, just let me know).

In response to (2), funding allocation approximate percentage was taken from section 3.3.2 of the RFP. This percentage was multiplied against the total funding allocation available for FY18 (HB11, section 11.120, lines 4 through 6) which gave the amount of funding for each of the 9 regions. Each region amount was based on # of awards made for each region as outlined in subsection of 3.3.2. Determination on who received the highest percentage is based on ranking from the evaluation process.

Please let me know if there is any additional information needed.

Hi Joy,

Since things have changed with the maternity home funding method we haven't used as much funding. I think we better stay with our original amount at this time so the money can be put to good use elsewhere.

Abigail,

Question for Laclede County Pregnancy Support Center....For FY2018 the A2A program was given additional funding. Would Laclede County Pregnancy Support Center be able to spend the extra funding in FY2018 if awarded?

We are possibly looking at more than what was stated for maximum annual total price on the contract award page from OA. DSS wants to make sure everyone can use the extra funding without lapsing any.

Mary Ann,

Please find attached the "APPROVED" budget for Lutheran Family and Childrens Services of Missouri (LFCS).

The original documents received did not include the budget breakdown for each region, thus this was requested from LFCS. Once the breakdowns were received one of the calculations was incorrect and needed to be fixed, plus the documents said they were Quarterly Expenditure Reports and not budgets so this language had to be removed. All original documents are attached.

Thanks.

Budget Narrative for Amendment #002 to Contract CS1700420007

Geographic Region 1

With the proposed additional funds we would expand our program by serving an additional 75 clients, with a focus on serving the rural communities where limited social services exist. We are also proposing to cover the costs associated with the staff for serving these additional clients, in addition to slightly increasing our participant services, as in the prior year these were lower and did not come close to covering the need.

Geographic Region 3

The proposed additional funds will be used to cover more of the existing costs of delivering services. These include increased supervision of case managers, applicable training for case managers as it relates to the required education of clients, increased direct client assistance funding to meet the various urgent and household stability needs, and a prorated amount for the agency's case management and tracking software.

Geographic Region 4

The proposed additional funds will be used to cover more of the existing costs of delivering services. These include increased supervision of case managers, applicable training for case managers as it relates to the required education of clients, and increased direct client assistance funding to meet the various urgent and household stability needs.

Geographic Region 6

With the proposed additional funds we would expand our program by serving an additional 20 clients, with a focus on serving St. Louis City and other communities outside of St. Louis County. We are also proposing to cover the costs associated with the staff for serving these additional clients, in addition to slightly increasing our participant services and residential treatment costs.

Geographic Region 7

With the proposed additional funds we would expand our program by serving an additional 56 clients, with a focus on serving the rural communities surrounding the Springfield area and Jasper County. We are proposing to cover the costs associated with the staff for serving these additional clients, in addition to slightly increasing our participant services.

Geographic Region 9

With the proposed additional funds we would expand our program by serving an additional 64 clients, with a focus on serving the rural communities where there are limited social service supports. We are proposing to cover the costs associated with the staff for serving these additional clients, in addition to slightly increasing our participant services.
